

2024 Stella Octangula Calendar

laslaminas.es

@laslaminas.es : share and tag me on instagram

The main calendar template is a large, colorful octagonal shape divided into 12 sections, each representing a month. The months are: JANUARY (blue), FEBRUARY (light blue), MARCH (teal), APRIL (green), MAY (light green), JUNE (yellow), JULY (orange), AUGUST (light orange), SEPTEMBER (pink), OCTOBER (light pink), NOVEMBER (purple), and DECEMBER (light purple). Each month contains a calendar grid with days of the week and dates. The template includes fold lines (dashed for valley, solid for mountain) and circular punch holes. A central area contains the website 'laslaminas.es', a Creative Commons license (CC BY-NC-ND), and a color key for the months. To the right is a circular color key for the months, and below it is a diagram of the Stella octangula shape with the months labeled around its perimeter.
